Contact Larry at the above information if you have questions or would like to have something published to the site.

## FOR WHAT IT'S WORTH

This is our new mowing setup for the field. The cutting path is 13 feet and will reduced total mowing time to less than 2 hrs for the entire field. This should save us on gas and equip wear and tear.

## The Prez sayz

It's here already. The Tailgate Swap and Fun Fly is this weekend. The airfield is in excellent shape and it looks like the weather may even cooperate. I hope to see many of you there.

Our workday last month was very productive. All of the machinery was serviced and readied.

. The fill dirt on the airfield was dragged, raked, seeded and rolled.

The field has been rolled a number of times and is in good condition. All reports are that our new equipment is performing great and they meet all our expectations so far. I would like to thank everyone involved for pitching in and getting things done. It's been a great team effort.

Keep 'em Flying

## Jokes for the Month

Change is inevitable, except from vending machines.

If you think nobody cares, try missing a couple of payments.

How many of you believe in psychokinesis? Raise my hand.

OK, so what's the speed of dark?

When everything is coming your way, you're in the wrong lane.

Hard work pays off in the future. Laziness pays off now.

How much deeper would the ocean be without sponges?

Eagles may soar, but weasels don't get sucked into jet engines.

What happens if you get scared half to death, twice?

Why do psychics have to ask you your name?

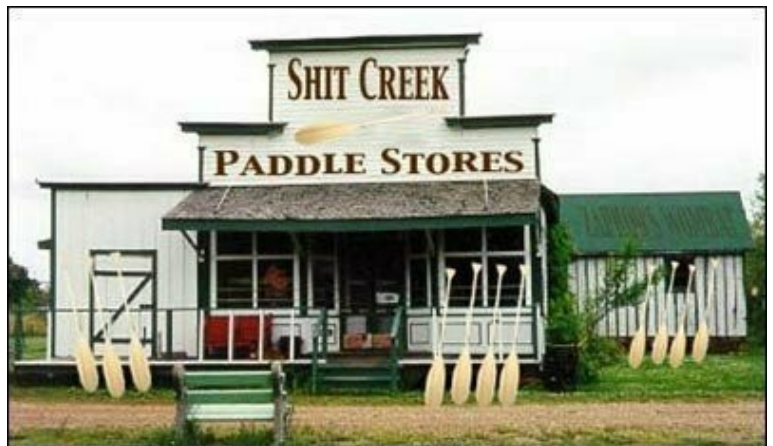

Inside every older person is a younger person wondering, 'What the heck happened?'

Just remember -- if the world didn't suck, we would all fall off.

Light travels faster than sound. That's why some people appear bright until you hear them speak.

Life isn't like a box of chocolates.. It's more like a jar of jalapenos. What you do today, might burn your butt tomorrow.

## It really does exist!!
