	<p>Happy Holidays everyone! I hope the season finds you all well and enjoying this seasonal activities for the hobby. Like many, this is my time to hit the workshop. Personally though, I haven't as yet determined what winter project to work on.</p> <p>There certainly are things there that need attention without adding another project to the mix.</p> <p>One of the things I look forward to in the winter is the clubs New Years Day Fly and Chili. It's hard to believe that another year has passed so quickly and New Years Day is only a few short weeks away.</p>	<p>We will of course meet at the field on New Years Day for some Chili, Hot Chocolate and some flying fun. I think I'll fly electrics this time so as not to have to deal with the cold blooded nitro setups. I look forward to seeing you there.</p> <p>I wish everyone a festive and happy holiday season.</p> <p style="text-align: center;">Keep 'em Flying and Be Safe</p> <p style="text-align: center;">Richard</p>
