Selling due to health reasons.

Call Mike at 608-237-7224 or email at flaggman@charter.net with an offer.

From the Prez

Happy Holidays!

Hopefully by now everyone has completed their Christmas wish list and left it in a conspicuous spot for your significant other to find. If Santa doesn't bring what you want this year don't forget about the Waukesha swap meet the first Sunday after the new year. Better yet, stop by one of our local hobby stores and support them this holiday season.

The winter is off to a wonderful start. It's the first week in December and I am already sick of the snow. Hopefully there isn't so much that we can't find a place to hold our annual New Year's Day fly. I will be checking before the meeting to see if we can once again hold it at the Lodi Airport if we can not get up the driveway to the field. Attend the next meeting for the latest update.

Also our gourmet chili chef, Leroy Brandt, informed me that he is resigning his position as New Year's Day chef. That means we are looking for someone who knows how to make a mean batch of chili to help out on New Year's Day. If anyone is interested please let me know before the next meeting.

Nominations for club officers is still open. If you are interested in running for office please submit your nomination to me or better still nominate yourself in person at the next meeting. As of right now all seats are uncontested and we have someone running for every office except treasurer. There is also one person that may hold two offices if no one steps up to help out. So if you are interested in running for secretary, it would make at least one person really happy. Nominations will be closed just before the election takes place. Because no seats are contested as of now, no ballots are being sent out. Any contested seat will be voted on the night of the December meeting by the members present, so please attend the December meeting.

I want to take a minute this month to thank everyone who helped out this year with time and money donations through out the year. It may not be said enough through out the year but it is noticed. It's because of the great members of this club the club continues to exist. Without everyone's contributions none of the events or projects around the field would be accomplished. Again thank you to everyone!

Lastly, I want to wish everyone and their families a very safe and happy holiday season.

Lots to discuss at this months meeting so please attend if you can. Hope to see you there. TTFN.

Jokes for the Month

A blind man walks in to a department store with his seeing eye dog on a leash. As usual the store manager behind the customer service counter looks up, notices the customer is blind, and not wanting to stare quickly looks away again. Out of the corner of his eye the manager sees the blind man start swinging the dog over his head with its leash. Shocked, the manager runs over and says "Mister is there a problem - is there anything I can help you with?" The blind man calmly replies "No thanks - I'm just looking around."

A distraught patient phoned her doctor's office. "Is it true", the woman wanted to know, "that the medication you prescribed has to be taken for the rest of my life?" "Yes, I'm afraid so." The doctor told her. There was a moment of silence before the woman continued, "I'm wondering, then, just how serious my condition is. This prescription is marked 'NO REFILLS.'"
