Inside This Issue

Meeting Minutes	1
LARCC Information	1
Buy-Sell-Swap	2
From the Prez	3

President Kevin called the meeting to order.

Treasurer's Report given and approved.

Secretary's report was approved as printed in the May newsletter.

Old Business

1. Thanks to those who helped set-up and during the Swap Meet/Fun Fly!

2. Work Day: Mowers checked, dirt moved, fridge cleaned out. Still need a general clean-up in the garage.

3. Windssock: Ford donated a new windssock for the field. Thanks Ford!

4. Awards Committee is formulating the criteria for the awards.

New Business

1. June 14 is Screamin' Eagles Meet, Tomah Fun Fly and Sauk Prairie Meet.

2. Suggestion for inter-club Fun Fly this summer with a BBQ.

3. As we did last year, we will have a flying night the Thursday following the meeting!

SALE**

Funtana 40

Includes Magnum 91 Engine. Only flown by little old man on really nice days ☺ **\$300** Leroy Brandt at lebrandt@charter.net

From the Prez

Happy summer!

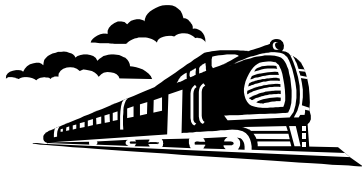

I guess summer has finally arrived and with it, flying season. I am still trying to figure out where spring went. I got a late start on building and even picked up another winter/spring project at our swap meet that I am working on.

Speaking of the swap meet, a BIG thank you to everyone who helped out and made the day a success. Everyone I spoke with at the event had a good time. It was a little windy but there were quite a few flights through out the day. It was definitely nice to get out and spend a day at the field.

Be sure to check out the upcoming events calendar and try and attend some of the area fly-ins. These local events are a whole lot of fun and give you a chance to expand your flying experience. If you ask around at the field you can probably even find someone who is heading out to one as well. If you do go to a fly in, print out some flyers from the web site and take along to pass out and promote our fall event.

The next meeting is coming up on June 18. Come on out and get in a few flights before the meeting. Better yet, let's turn the June meeting into a winter project fly day. Bring your winter projects and show them off. The more the merrier.

That's about all for now, I have to head back to the basement and install a radio in an airplane. Hope to see you at the meeting.
