Humor on the Field

from Reader's Digest October

Although the bus for the senior group's church outing was scheduled to leave at 5:30, organizers were afraid stragglers would delay the trip. So to make sure no one's fun was ruined, our church bulletin urged one and all to "Come early and get loaded."

The New Singles dance at the American Legion Ballroom promised to be the social event of the year. According to the *Ephrata* (Pennsylvania) *Review*, "The dance is open to all unmarried persons over the age of 21 who are nearly dressed."

A drunk walked into a lounge. After staring at a beautiful woman who was sitting at the bar for ten minutes, he sauntered over and kissed her. She jumped up and slapped him silly. "I'm sorry," he said, "I thought you were my wife. You look just like her." "Ugh. Get away from me, you worthless, insufferable, no-good drunk!" she yelled. "Wow," he said, "You even sound like her."

On a trip together, a Hindu, a rabbi and a lawyer stop at a farmhouse and ask to stay the night. There's space for two, but one will have to sleep in the barn. "I'll go," the Hindu volunteers. A few minutes later, the lawyer and the rabbi hear a knock. "There's a cow in the barn," the Hindu says. "A cow is sacred, and I cannot sleep with a sacred beast." "No problem, I can do it," the rabbi says, grabbing his pillow. But minutes later, the rabbi knocks. "There's a pig in the barn. It's an unclean animal-my belief forbids me to be near such a creature." With a tired sigh, the lawyer heads out. Almost immediately, there's a third knock at the door. It's the cow and the pig.

There's a lunch wagon offering "Filly Cheese Steaks" I see almost every day. Each time I pass it, I chant to myself: "Please let it be a misspelling... Please let it be a misspelling."

Murphy's Laws Revisited by Al Coelho

Taken from AMA Insider

Murphy had some laws; here are some of Al's.

1. **Law of mechanical repair:** after your hands become coated with grease your nose will begin to itch or you'll have to go to the bathroom.

2. **Law of tools:** any tool, when dropped, will roll to the least accessible corner.

3. **Law of probability:** the probability of being watched is directly proportional to the stupidity of your act.

4. **Law of the telephone:** when you dial a wrong number, you never get a busy signal.

5. **Law of the alibi:** if you tell the boss you were late for work because you had a flat tire, the very next morning you will have a flat tire.

6. **Law of lanes:** if you change lanes in traffic, the one you were in will start to move faster than the one you are in now.

7. **Law of likeability:** as soon as you find a product that you really like, they will stop making it.

8. **Law of close encounters:** the probability of meeting someone you know increases when you are with someone you don't want to be seen with.

9. **Law of the result:** when you try to prove to someone that something won't work, it will.

10. **Law of biomechanics:** the severity of the itch is inversely proportional to the reach.

11. **Law of carpets:** the chances of an open-faced jam sandwich landing face down on a floor covering is directly correlated to the newness, color, and cost of the carpet.

12. **Law of logical argument:** anything is possible if you don't know what you are talking about.
