Selling due to health reasons.

Call Mike at 608-237-7224 or email at [flaggman@charter.net](mailto:flaggman@charter.net) with an offer.

## From the Prez

Happy Halloween!

I guess Mother Nature is trying to tell us that flying season is rapidly coming to a close. The leaves are starting to fall and the temperature is dropping and the daylight is getting shorter each day. If that wasn't enough the fall yard work starts piling up. So if the weather cooperates on October 11th come on out to the field and help clean up for the winter. The big projects are getting the mowers ready for storage and drop a bunch of the sumac that is over by the pine trees. So bring your chainsaws and work gloves and come on out and help, the more the merrier.

The end of the flying season signals the beginning of building season. If you haven't picked out your winter project yet keep in mind that there are a few swap meets coming up here in October and November. Oshkosh and Wausau are in October, DePere is in November. If you can't make it to one of the swaps (or even if you can) don't forget to support the great hobby shops in the area (Schultz's Sport and Hobby, Hobby Horse and RC Performance). Be sure to thank them for supporting our September Fun Fly.

Speaking of the Fun Fly...  
A big thanks to everyone who helped with the event. Thanks to Mark Johnson for setting up and organizing the raffles, Sue and Chris Laubmeier for running the events for the kids, Richard Cohoon, Larry Barnes, and John Buford for doing the cooking, our contest director Leroy Stuczynski and Tim Hepner for working the impound all day, Lyle Stone for mowing the field, doing the announcing and donating beanie babies for the candy drop. I also need to thank the set up crew and take down crew for getting things set up and tore down quickly. The setup/take down crew were: Larry Barnes, Dave Becker, Kyle Benesh, Pat Deters, Tim Hepner, Mark Johnson, Charlie Schultz. A big thank you to Tim Hepner for letting me borrow his engine for the candy drop airplane after mine experienced difficulties 2 days before the event. Also this year there were a whole bunch of club members that donated items to the various raffles, these included: Richard Cohoon, Larry Barnes, John Buford, Pat Deters, Mark Johnson and I am sure many more. If I forgot someone I apologize in advance and please let me know if I failed to list your name. Again a BIG thank you to everyone for making the event a success!

One last fun fly thing...THANK YOU to all of our sponsors. Be sure to stop in and support our sponsors and say thank you for their donation. They are the ones that help keep our raffle going.

That's all for this month. Bring your treasures from the last swap meet to the next meeting. I am sure we would all like see what you found.

## Jokes for the Month

The latest reports from the Internal Revenue service shows that it has streamlined its tax form this year.

It goes like this:

- A. How much did you make last year?
- B. How much do you have left?
- C. Send B.

-----  
A small plane was carrying three passengers over a mountain range -- an old man, his grandson, and an eminent scientist.

Suddenly, the pilot burst into the cabin, saying 'The engines have all failed! Grab a parachute and jump from the plane!' With this, the pilot opened the cabin door and leapt out with his parachute.

To their dismay, the 3 passengers discovered only 2 parachutes were left in the cabin!

The Eminent Scientist took a pack, saying 'I'm sorry you two, but I won a Nobel Prize, I am the head of several intellectual Think Tanks -- honestly, I'm worth more to society than either of you'. The Eminent Scientist leapt from the plane.

The Old Man turned to his grandson and said, 'My dear boy, take the last parachute. I've had a good life. Yours has just begun.'

'Don't worry, Grandpa' said the young boy, 'that guy just jumped out the plane with my backpack.'
