## FOR WHAT IT'S WORTH

I wish to use this column to thank the many members and friends that helped at the fun fly this year.

The effort of Nikki Meek on the 50/50 raffle was great. Her charm and persistence brought in over \$200.00 of profit.

The food tent was the busiest place of all. It was handled very well by Rich, John, Nikki, Dewaye and Sheri Becker.

The Kids tent was well equipped and manned by Brent and his family. Thanks for your help and participation in your second year of running the kids tent.

The candy/parachute drop went off perfect. Mark Johnson did a great job in coming up with a drop solution at the last minute.

I received lots of pictures from several members. I have posted some on the website. Thank you.

Brian Roberts did a great job of MC on the loudspeakers.

Wayne worked hard and long in the raffle tent.

Special thanks to all the pilots that kept the planes in the air to wow and keep the crowd busy watching plane after plane.

Thanks to all that stuck around to help with tear down. A comment was made after everything was put away that it looked like nothing had happened. The field was clean and in great shape.

I'm sure that I may have missed some of the members that helped and I wish to extend a big THANK YOU to all that helped make this years event a GREAT success.

Larry Barnes

LARCC Sec.

	<b>From the Prez</b>	
	<p>I certainly agree with Larry's comments above. The Fun Fly this year was a great success. Many thanks to all who helped and contributed. We did have an excellent turn out both from pilots and spectators. I must add Larry to list of those deserving accolades and credit for all the help. He was a significant contributor essential coordinator in making this event successful.</p>	<p>We are now looking at doing some work on the airfield to get some of the humps leveled out by moving some of the dirt moved into the low spots, smoothing them out and seeding them. If we can find the resources it may result in a call for another volunteer workday. Of course we'll try to keep the field usable as well.</p> <p>Keep 'em Fly'n</p>

	<b>Jokes for the Month</b>	
	<p>The local news station was interviewing an 80-year-old lady because she had just gotten married for the fourth time. The interviewer asked her questions about her life, about what it felt like to be marrying again at 80, and then about her new husband's occupation.</p> <p>"He's a funeral director," she answered.</p> <p>He then asked her if she wouldn't mind telling him a little about her first three husbands and what they did for a living. She paused for a few moments, needing time to reflect on all those years.</p> <p>After a short time, a smile came to her face and she answered proudly, explaining that she had: first married a banker when she was in her early 20's, then a circus ringmaster when in her 40's, and a preacher when in her 60's, and now in her 80's, a funeral director.</p> <p>The interviewer looked at her, quite astonished, and asked why she had married four men with such diverse careers. She smiled and explained, "I married one for the money, two for the show, three to get ready, and four to go."</p>	<p><i>The quote of the month is by Jay Leno:</i></p> <p><i>With hurricanes, tornados, fires out of control, mud slides, flooding, severe thunderstorms tearing up the country from one end to another, and with the threat of bird flu and terrorist attacks, "Are we sure this is a good time to take God out of the Pledge of Allegiance?"</i></p>

# FOR SALE

## For Sale:

Navigation and landing lights for model airplanes and helicopters. 5mm, LED light set will include a Green and Red wing tip markers, Red and White strobe lights for tail and tail areas, one White landing light (100,000 mcd).
