The Prez sayz

I know that we have already had a meeting since our Fun Fly but I want mention it in this news letter for the benefit of those who may have missed the last meeting.. Wow! What a great Fun Fly we had this year. This years Fun Fly was one of the most successful we have had. We had perfect weather for it and I believe we had some 35 pilots registered. Just about every kind of RC aircraft were represented giant scale to micro scale, gas, electric, nitro, and even a jet. The mix was remarkable. The beautiful weather certainly contributed to the rather large spectator crowds we had. I'm sure we will have some pictures on our web site.

I have to say that I was proud to be a part of such an event and affiliated with the all that helped make it such a success. Our flying field was in excellent condition and provided a astatically pleasant environment for the event.

I know that a great deal of hard work had gone into putting this event on and we can't say enough thanks to those that contributed and helped make it happen

So what makes the event successful? I think we met the major goals for having an event.

One, this is our primary fund raiser for the year and we did increase our treasury balance.

Two, it was a fun event with a great deal of flying and camaraderie with fellow hobbyist,

Three, it was done safely and with out any significant mishaps.

Four, we drew a significant spectator crowd and discovered potential new members.

Thank you everyone

Jokes for the Month

Train Ride Through The Rockies

Sitting together on a train traveling through the Canadian Rockies were a Green Bay Packer, a Chicago Bear, a little old lady and a young girl with big boobs.

The train goes into a dark tunnel and a few seconds later, there is the sound of a loud slap.

When the train emerges from the tunnel, the Chicago Bear has a bright red hand print on his cheek.

No one speaks.....

The little old lady thinks: The fellow from Chicago Bears must have groped the blond in the dark and she slapped his face.

The blond girl thinks: That Chicago Bear must have tried to grope me in the dark, but missed and fondled the old lady and she slapped his face.

The Chicago Bear thinks: That Green Bay Packer must have groped the blond in the dark. She tried to slap him but missed and got me instead.

The Green Bay Packer thinks: I can't wait for another tunnel so I can smack that idiot from Chicago again.

A guy is 72 years old and loves to fish.

He was sitting in his boat the other day when he heard a voice say, 'Pick me up.'

He looked around and couldn't see anyone.

He thought he was dreaming when he heard the voice say again, 'Pick me up.'

He looked in the water and there, floating on the top, was a frog.

The man said, 'Are you talking to me?'

The frog said, 'Yes, I'm talking to you.' Pick me up then, kiss me and I'll turn into the most beautiful woman you have ever seen.

I'll make sure that all your friends are envious and jealous because I will be your bride!'

The man looked at the frog for a short time, reached over, picked it up carefully, and placed it in his front pocket.

The frog said, 'What, are you crazy? Didn't you hear what I said? I said kiss me and I will be your beautiful bride.'

He opened his pocket, looked at the frog and said,

'Nah, at my age I'd rather have a talking frog.'

With age comes wisdom.
